DEPARTMENT OF PUBLIC PRINTING AND STATIONERY

This Price List contains the titles and selling prices of all official publications of which copies can be purchased from the King's Printer. The list does not include titles of publications, usually of a technical nature, distributed by certain Departments direct and not handled by the King's Printer.

Communications received from the public indicate a widespread view that statutes, blue-books and other public documents are distributed free of charge from this Department, and it is desirable, therefore, to explain that the distribution of public documents is strictly regulated by statute or by Order in Council. In the case of certain publications a limited distribution is made by the King's Printer from lists authorized and furnished by the Department for which the document is printed. The King's Printer has in no case authority to place names on the free list; selling prices are fixed by authority. Those ordering should be careful to give if possible the exact title of the publication desired and the name of the Department from which it is issued. Prepayment of all charges is required.

Remittances should be made to the King's Printer, Ottawa, by postal money order, express order or accepted cheque. The use of currency for this purpose is contrary to the advice of the postal authorities and entails a measure of risk. Postage stamps, foreign money or uncertified cheques will not be accepted.

No extra charge is made for postage on documents forwarded to points in Canada and in the United States, but cost of postage is added to the selling price when documents are mailed to other countries.

Price Lists are published annually, with supplements monthly or as required.

F. A. ACLAND,
King's Printer.

OTTAWA, January, 1927.
